

PRANSHUL

+91 9992560407 | threjapranshul@gmail.com | LinkedIn | GitHub | LeetCode | GeeksforGeeks

Summary

MERN-Stack Developer and MCA student with hands-on experience across **three internships**, building AI-integrated full-stack applications, REST APIs, and scalable backend systems. Solved **325+ DSA problems** on LeetCode & GeeksforGeeks; skilled in leveraging **AI-assisted development** to ship production-ready features.

Education

Geeta University

Master of Computer Applications (MCA) – SGPA: 9.33

Panipat, India

Aug 2025 – May 2027

Dyal Singh College

Bachelor of Computer Applications (BCA) – CGPA: 7.5

Karnal, India

Aug 2022 – May 2025

Experience

SVS Techforge Pvt. Ltd.

MERN Stack Intern – AI (Summer Internship)

Delhi (On-site)

June 2026 – July 2026 (45 Days)

- Building **GTECH Code**, an AI-augmented **MERN-stack** online judge platform integrating **Judge0 API** for real-time multi-language code execution.
- Implementing **AI-assisted** backend workflows and secure authentication (**JWT**, **bcrypt**) with **Redis**-backed caching for performance optimization.

Codec Technologies

MERN Stack Intern

Remote

March 2026 – April 2026

- Designed and implemented complex **backend architectures** and **RESTful APIs** for a private enterprise client, ensuring optimal application performance and security.
- Bridged database management (**MongoDB**) with server-side operations (**Node.js/Express.js**) to support dynamic client-facing features on a collaborative project.

3 Skills Pvt. Ltd.

Web Developer Intern

Remote

Dec 2025 – Feb 2026

- Architected and deployed **2 full-stack web applications** using the **MERN stack** (MongoDB, Express.js, React.js, Node.js), from responsive front-end to server-side APIs.
- Managed source control using **Git** and **GitHub**, maintaining clean codebases and facilitating conflict-free deployments.

Projects

GTECH Code | MERN Stack, Redis, JWT, bcrypt, Judge0 API, AI – GitHub

- Developing a **LeetCode-style competitive coding platform** (*in progress*) with real-time code execution via the **Judge0 API** across multiple languages.
- Building a secure authentication system using **JWT** and **bcrypt**, with **Redis** for session/caching to optimize the submission and polling pipeline.
- Designing **MongoDB/Mongoose** schemas and an **Express.js/Node.js** backend to support scalable problem submissions and evaluations.

SAJSSM Official Website | MERN Stack, GitHub – Media Coordinator & Developer

- Built and maintained the official society website using the **MERN stack**; enhanced user engagement by **35%** through responsive UI and optimized navigation.
- Automated **5+ manual organizational processes** via a custom backend workflow, reducing administrative workload by **50%**.
- Managed **100%** of site deployments and handled **15+ feature updates** to support community service operations.

E-Commerce Platform | React.js, Express.js, MongoDB, Razorpay – Full-Stack Developer

- Developed a scalable **E-Commerce application** with dynamic rendering, responsive UI, and robust **REST APIs** for complex backend business logic.
- Implemented the **Razorpay Payment Gateway API** to securely process and ensure smooth customer transactions.

Technical Skills

Languages: C++, Java, JavaScript (ES6+), HTML5, CSS3

Web Development: MERN Stack (MongoDB, Express.js, React.js, Node.js), REST APIs, JWT, bcrypt

Databases & Caching: MongoDB, MySQL, Redis **DSA:** Problem Solving, OOPS, Time Complexity Analysis

Tools & Platforms: Git, GitHub, VS Code, Cursor, Claude (AI-Assisted Dev), Postman, Vercel, Netlify, Judge0 API, Razorpay API

Achievements & Certifications

Competitive Programming: Solved **325+ algorithmic problems** on LeetCode and GeeksforGeeks; achieved a **50-day** problem-solving streak on LeetCode.

Certifications: Earned **30+ professional certificates** from CISCO, Security Blue Team, and Simplilearn, incl. a comprehensive **Node.js** certification.

Mentorship: Mentored **140+ teams (490+ participants)** at HackForge 2.0, Geeta University's internal hackathon, providing technical guidance.

Leadership: Appointed **Class Representative (CR)** for the MCA batch, liaising between students and faculty to streamline academic operations.
